As you review the College's catalogs and handbooks, we hope they will become useful tools as you navigate your academic journey at the Washington College.

These publications include information about the College, academic programs, important policies, and our outstanding faculty. The Academic Catalog includes a summary of our courses, degree requirements and curriculum recommendations for all majors, minors, and degree programs.

Washington College is a community dedicated to your success in making a genuine difference in the world. You have embarked on a journey that will be both challenging and rewarding and one that will lead to new and exciting professional opportunities.
