

ANTI-HAZING POLICY

The basis of this anti-hazing policy is to enhance the growth and development of our students who are joining an organization or student group that require a new member education period of several weeks. The procedures set forth by this policy are intended to assure that requirements for prospective members during their new member period contribute to the development of the individual and organization.

Washington College prohibits any form of hazing by Washington College students on or off campus. Hazing can apply to individuals as well as student groups and is defined by Washington College as:

Any action taken, created, or intended, to produce mental or physical discomfort, embarrassment, harassment, or ridicule that is directed at new or prospective members of a recognized student organization. Such actions may be perpetrated by an individual, an individual against an organization, or an organization against an individual. In case of violations, individuals and an organization as a whole may be subject to disciplinary action. In addition to Washington College's Anti-Hazing policy, students must comply with the Maryland Anti-Hazing law.

Maryland Anti-Hazing Law (§ 3-607)

The State of Maryland also prohibits hazing and defines it as such:

- Prohibited—A person may not recklessly or intentionally do an act or create a situation that subjects a student to the risk of serious bodily injury or mental or emotional distress for the purpose of initiation into a student organization of a school, college, or university.
- Penalty—A person who violates this section is guilty of a misdemeanor and, on conviction, is subject to imprisonment not exceeding 9 months or a fine not exceeding \$2,500 or both.
- Prohibited defense—The implied or expressed consent of a student to hazing is not a defense under this section.

The College's anti-hazing policies apply to any and all student groups and organizations on campus. The consent of those being hazed will not be accepted as a defense for those who have been found to violate College policies on hazing.

Responsibilities of Individual Students Regarding Hazing

All individual students have a responsibility to decline to participate in hazing activities and report hazing activities if they become aware of them.

College Response to Allegations of Hazing

Any individual student or student group found responsible for hazing or participating in hazing activities is subject to disciplinary action by the College as well as possible criminal prosecution under Maryland State Law.

Any allegations of hazing reported to the College will be investigated. If the investigation yields evidence of hazing, the College will then take appropriate disciplinary action against the individuals and/or organizations deemed responsible for the hazing. The Honor Board may hear charges against organizations and individuals. Disciplinary action may include both accountability sanctions (e.g., fines, loss of privileges, disciplinary probation, suspension or expulsion of the organization, loss of College housing) and educational sanctions (e.g., programs, workshops, community service).

Any retaliatory measures taken against a student who reports a hazing incident are prohibited and may result in additional sanctions taken against the group or individual responsible.

The College will also support any victim of hazing if they want to speak to the local police about the possibility of pressing criminal charges.

New Member Education Programs in Relation to Hazing

It is assumed that once a student organization submits all Anti-Hazing Compliance Forms there is a clear understanding of the Anti-Hazing Policy and therefore New Member Education Programs will not include any form of hazing.

A suggested format for a new member education program should include the following:

- Goals and objectives
- Organization of the new member class (e.g. meetings, officers, length of program)
- Advisor and Alumni role in the program
- Scholarship Development
- Leadership Development
- Campus Community Service
- Education about traditions and purpose of the organization
- Getting to know members
- Social activities

All activities of a new member education program should be positive in nature. Each organization should ask if their activities and behaviors could be publicly justified to College officials. If they cannot, other alternatives should be considered.

Student organizations are encouraged to consult with their National/International Headquarters, the Director of Student Engagement, and/or the Assistant Dean of Student Engagement & Success.

In addition, this consultation is also encouraged if there are any questions regarding activities which might be in potential violation of the Anti-Hazing Policy.

Policy Implementation

All student organizations that have a new member education period are required to inform members, new members, associate members and affiliates of the Anti-Hazing Policy at the first meeting of the new member education period. This responsibility is directly charged to the President and other appropriate executive officers of the organization. At this meeting, each member must receive a copy of the written document.

At the same first meeting of the new member education period, all those students affiliating must complete a "Anti-Hazing Compliance Form". In addition, the officers and current members of the student organization must also complete a "Anti-Hazing Compliance Form", (See the Director of Student Engagement for these forms). These forms must be forwarded to the Office for Student Engagement in Hodson Hall within three (3) days after the commencement of the new member education period for each semester in which the organization has such activities, to certify recognition of and compliance with the College's Anti-Hazing Policy. If an organization has a second new member education period in a semester, arrangements are to be made with the Director of Student Engagement to certify the organization's compliance with the Anti- Hazing Policy.

Failure to file the Compliance Forms may result in possible judicial action as outlined in the Anti-Hazing Policy.
